

53.17 ROADWAY AND RAISED MEDIAN CLEANING

53.17.1 GENERAL

The Work consists of removing soil and other debris from pavement surfaces and raised medians.

53.17.2 EQUIPMENT

When “pickup cleaning” is ordered, the Contractor shall supply a pickup broom equipped with a gutter broom on each side.

53.17.3 PROCEDURES

The debris shall be removed from the raised median and/or pavement surface. Debris shall not be deposited on roadway surfaces or sidewalks. Disposal of debris adjacent to the roadway shall be subject to the approval of the Engineer.

Cleaning operations shall be carried out in the same direction as the flow of traffic and in a manner which prevents material from being cast into the flow of traffic or into drainage inlets.

53.17.4 RESPONSE TIME AND TIME TO COMPLETE

In urgent situations, the Contractor shall respond within 2 hours of the issuance of the Work Order and diligently complete all aspects of the Work. In all other cases, the Contractor shall complete the Work within 30 calendar days of the issuance of the Work Order.

53.17.5 MEASUREMENT AND PAYMENT

Measurement will be in square metres of the raised median or roadway surface cleaned. When the width of the area to be cleaned is narrower than the broom used, the measurement will be based on the actual width of the broom (to a maximum value of 1.8 m) multiplied by the length of area cleaned. In all other cases, measurement will be made of the total area cleaned.

Payment will be made at the unit price bid per square metre for "Roadway Cleaning - Broom", "Roadway Cleaning - Pickup Broom", or "Raised Medians Cleaning". Payment will be full compensation for removing and disposing of debris from the roadway surface and/or raised median and all labour, material, equipment, tools and incidentals necessary to complete the Work.

In urgent situations where the Contractor is required to respond within 2 hours of the issuance of the Work Order, an additional payment will be made at the unit price bid per occurrence for "Roadway Cleaning - Premium". This payment will be full compensation for complying with the accelerated scheduling required to complete the Work.

53.17.6 WARRANTY

There is no warranty period for this Work.
