

1.1 BUILDINGS LOCATED WITHIN RIGHT-OF-WAY

1.1.1 General

Buildings slated for relocation or demolition are presently located within the highway right-of-way in:

These buildings and any other buildings within the limits of the project that may be removed or demolished, will remain occupied until _____. Accordingly, the buildings will not be available for disposal until after that date and access thereto will remain undisturbed.

The foregoing date is provided for the Contractor's guidance; however, the information cannot be considered as definite. If the projected date is not met, the Contractor shall adjust his work operations accordingly.

1.1.2 Payment

When available, and as directed by the Consultant, the Contractor shall demolish these buildings and dispose of the debris. Payment for the demolition and removal of debris will be made on an "Extra Work" basis in accordance with Specification 1.2, General.
