

## **Distracted Driving Legislation Highway Signage**

Provincial highway signage has been used in the past to support public education and awareness campaigns. Examples include the use of signage to encourage compliance with the seatbelt law and with the emergency vehicle and tow truck legislation. To support the implementation of the new Distracted Driving Legislation, Alberta Transportation will be installing the following sign at strategic locations throughout the province. These signs will serve to inform all drivers this new legislation is in effect in the province.

Signs may be placed in or near the following locations:

Airdrie	Grimshaw	Slave Lake
Athabasca	Hanna	Spruce Grove
Barrhead	High Level	St. Albert
Bonnyville	High Prairie	St. Paul
Brooks	Hinton	Stettler
