	YES	NO		YES	NO
Pavement Distress			The area was patched in 2003. The proposed asphalt curb is still outstanding.		X
Slope Movement	X		The 2002 and 2005 gravel berms are performing well - starting to vegetate and blend in with the existing riverbank. The area about 100 m north of the gravel berm, which was slumping has been infilled and protected with a vegetation mat. Some clean up of the site is still required. The willow plantings do not seem to have survived the winter.	X
