March 2014

Provincial Highway Network

\$58.40 billion	estimated 2012 replacement value
31,807 km	total provincial highway network
28,578 km	paved provincial highway (2,635 km 4 and 6 lane divided)
3,329 km	gravel provincial highway
4,075	bridge structures (including culverts)

Ring Roads Open to Traffic

90%	Edmonton - Anthony Henday Drive (69 km) (as of Nov. 2011)
71%	Calgary - Stoney Trail (69 km) (as of Nov.2013)

Winter Highway Maintenance

over 600	snowplows dedicated to provincial highways
100	road weather stations record highway conditions online
620,000	tonnes of sand used annually
240,000	tonnes of salt used annually

Traffic Safety Highlights

95.1%	vehicle occupants wear seat belts (2011)
3.1%	increase in vehicle occupants wearing seat belts from (2010-2011)
9.0%	decrease in fatalities (2010-2011)
1.80%	increase in injuries (2010-2011)

Collision Stats (2012)

136,595	collisions in Alberta
27.4%	fatal collisions involving unsafe speed
19.6%	alcohol consumption before a fatal collision
\$4.6 billion	estimated cost to society per year

Driver Errors (2012)

Overall, 90% of collisions involve driver error. The following are common driver errors for injury/fatality collisions:

2,948 (28%)	following too closely
1,525 (15%)	running off the road
1,270 (12%)	turning left across the path of an oncoming vehicle

Collision rate per 10,000 population (2012)

0.8	fatal collision rate (0.8 in 2011)
35.7	injury collision rate (36.8 in 2011)
316.1	property damage only collision rate (330.7 in 2011)
352.6	overall collision rate (368.3 in 2011)

Number/Age of Licensed Drivers (2013)

2,902,520	licensed drivers in Alberta
67,380	increase in licensed drivers from 2011
12%	age 65 and over
74%	age 25 - 64
14%	age 14 - 24

Driver's Licence Classes (2013)

162	motorcycle only
84,631	commercial and motorcycle
169,721	learners
185,746	basic and motorcycle
244,956	commercial
2,217,304	basic passenger

Commercial Transportation Programs

3,278	provincially licensed inspection facilities (motor vehicle, commercial and salvage inspections - Feb. 25, 2014)
3	thermal imaging detector units
4	performance-based brake tester units
271,906	inspections Commercial Vehicle Inspection Program (Feb. 2013 - Feb 2014)
2,845	commercial vehicle overload
24,518	commercial vehicles/drivers inspected on-road by Transport Officers for violation to transportation safety legislation (Jan. - Dec. 2013)
25,444	carriers with Safety Fitness Certificates under the National Safety Code (as of Feb. 25, 2014)
208,382	permits for overweight, over-dimension licensing (2013)
