NOTES:

(1) Allowable 'Vehicle Registration Class' categories are set by Alberta Registries.

In general, all operation classes may have a variety of vehicle styles (cars, vans, trucks, etc.) included in the registration counts which the annual reports are not able to break down to separate counts. Some of categories may set limitations on vehicle style applicable to the operational class (ie. seating in buses, trailers or trucks).

(2) Dealer plates assigned to dealers and service garages are for temporary use on any vehicle for demonstration purposes or movement to repair facilities. There are no vehicle links on file with commercial dealer plates.
