Vehicle registration classes are set by Alberta Registries. In general, all registration classes may have a variety of vehicle styles (cars, vans, trucks, etc.) included in the registration counts which the annual reports are unable to break down into separate counts. Some of the categories may set limitations on vehicle styles applicable to the operational class (e.g. seating in buses, trailers, or trucks).

(1) Includes classes 2-58 (farm vehicles) and 2-58c (sod operation vehicles).

(2) Dealer plates assigned to dealers and service garages are for temporary use on any vehicle for demonstration purposes or movement to and from repair facilities. There are no vehicle links on file with commercial dealer plates.
