

Project Update

Start Date: November 2, 2006

Contractor: ConCreate USL

Proposed Completion: July 2008

Percent Complete: 100%

Completed Activities

Detour and preliminary earthworks are complete. Traffic will continue to use the detour road into 2008.

The bridge has been completed, traffic has been realigned and is now utilizing the bridge. The current traffic configuration is Stage 1 of 3 stages. More information is provided in the Maps section.

Project Status for Summer 2008

South Rock will be constructing the roads and ramps through the former detour in preparation of going to Stage 2 of the opening of the interchange.

Next Steps

Once the construction of Stoney Trail extension is completed between Country Hills Boulevard and Harvest Hills Boulevard, Stage 3 of the interchange will be opened to traffic.

The pavement contract includes all pavement from Country Hills Boulevard NW to 15 Street NE, including mainline, ramps and cross streets, completion of grading, paving, signs and lighting.

Construction Information

Stoney Trail will be a busy construction zone from now through 2008. Please do not enter as construction activities present significant hazards to the public.

For more information on this project please call (403) 270-9203 or email stoney.trail@uma.aecom.com.
