

Project Update

Start Date: November 1, 2005

Contractor:

AECON Construction – Crowchild Trail Bridges
Slimdor Construction – Interchange Earthworks
South Rock – Interchange Paving and Ramp Bridges

Proposed Completion: Spring 2012

Percent Complete: 100%

Completed Activities

The City of Calgary has been undertaking construction of the Northwest LRT line extension to the communities of Rocky Ridge and Tuscany along the median of Crowchild Trail. Additional information about the LRT can be found on The City of Calgary web site under Northwest LRT Extension.

All ramps and lanes are open to traffic with the exception along Crowchild Trail related to the Northwest LRT Extension.

South Rock have completed the minor clean up and deficiencies.

Project Status for Summer 2012

Construction operations have been completed with the exception of The City of Calgary's Northwest LRT line extension project in the median of Crowchild Trail.

Next Steps

The City of Calgary construction of the Northwest LRT Extension will continue. The anticipated completion for this project is Fall 2014.
