

Stoney Trail / Trans-Canada Highway Interchange – Upcoming Lane Closures

Calgary, March 22, 2006 – In order to erect girders at the Stoney Trail / Trans-Canada Highway Interchange site, the following lane closures will be in place between April 3 and April 6, 2006:

- **Westbound (April 3 - 4):** Westbound Trans-Canada Highway will be closed immediately west of Stoney Trail to Bowfort Road, and traffic will operate in a two-way traffic movement in the eastbound lanes. Access to 101 Street at the Trans-Canada Highway will be closed to traffic heading west, and motorists will be directed to Valley Ridge Boulevard/Crestmont Boulevard exit.
- **Eastbound (April 5 – 6):** Eastbound Trans-Canada Highway traffic will be routed into a two-way traffic pattern on the westbound lanes. This will begin immediately east of Bowfort Road and will continue to Stoney Trail. Access to 101 Street at the Trans-Canada Highway will be closed to traffic heading west, and motorists will be directed to Valley Ridge Boulevard/Crestmont Boulevard exit.

To reduce impacts to the traveling public, these closures will be in place between the hours of 8:00 PM and 6:30 AM each night. Please note that this work is weather dependent and may be prolonged if necessary.

A 30 km/h speed limit will be posted at the approach to the crossovers. Please obey all signs and speeds limits while driving through the area. We thank you in advance for your cooperation.
