

## Glenmore Trail SE and Stoney Trail SE

(Photo taken September 24, 2013)

**Carrying four lanes of traffic over Stoney Trail, the new bridge at Glenmore Trail enables free-flow traffic on Stoney Trail below and provides east and westbound Glenmore Trail traffic access to north and southbound Stoney Trail. Bound to improve the commute for city drivers, the interchange improvements also make it easier for motorists to connect to Highway 560 (Glenmore Trail) east of the City of Calgary limits.**
