

Administrative Procedures for the NEW DEAL FOR PUBLIC TRANSIT (NDPT)

A SUPPLEMENT TO THE NEW DEAL FOR CITIES AND COMMUNITIES

The New Deal for Public Transit (NDPT) is a supplement to the New Deal for Cities and Communities (NDCC) and is therefore administered in accordance with the procedures for the NDCC. (see NDCC program for details)

All terms of the June 30, 2005 agreement for the Transfer of Federal Gas Tax Revenues under the New Deal For Cities And Communities (Original Agreement) and the associated Administrative Procedures are applicable to the NDPT except where specifically modified with respect to the supplementary funding to be provided under the NDPT supplementary agreement (Amending Agreement).

In all cases, the terms and conditions of the Original Agreement and procedures remain in effect with respect to the funding provided under the Original Agreement, and the terms and procedures as modified or replaced by the Amending Agreement apply only to the additional transit funds provided under the Amending Agreement.
