Product Evaluation

RE: Review of AIL Sound Wall Tuf-Barrier System

PRODUCT
AIL Sound Wall Tuf-Barrier System is manufactured and distributed by Atlantic Indiustries Ltd located in Ayr, Ontario.

VENDOR CLAIMS AND INFORMATION

CLAIMS
The AIL Sound Wall Tuf-Barrier System is a post and non-perforated vinyl pane; reflective noise barrier wall system for commercial and residential applications. The Tuf-Barrier has an overall density of more than 4 pounds per square foot and able to withstand a considerable wind live load. Product Web Link: [http://hlhwalls.com/](http://hlhwalls.com/)

DESCRIPTION
AIL Sound Wall Tuf-Barrier System panel is comprised of tongue and groove PVC rail, with rail dimensions of 2.75" X 6", rails are stacked one upon the other, seeded within standard steel I-Beams to the desired height and capped with a flat top finishing rail.

POTENTIAL USAGE
AIL Sound Wall Tuf-Barrier System is ideal for slope conditions, directional changes and difficult site access situations. AIL Sound Wall Tuf-Barrier System has been used in the US States of Washington, Georgia, North and South Carolina and is currently under review in California, Texas, Illinois and Ohio. All Provincial submittals are currently underway.

STANDARDS
