

Pathfinder Marking System

File: 8190-3-19

Location: Highway 2:24/26 (Red Deer)

Applied: August 2009

Evaluated: September 3, 2009

Joffre Bridge NBL (Skip line)

Pathfinder on seal coat (skip lines only)

Retro readings white edge line: 368, 294, 240, 171, 168 –Average: **232 Mcd**

Lacombe 3Km NBL Canadian University College Sign (Skip line)

Skip line

Close-up

Retro readings white edge line: 519, 419, 542, 586, 566, 540 –Average: **529 Mcd**

The Pathfinder Marking Systems initial retro-reflectivity is very good at this time. The Pathfinder skip lines look very good during day light hours. Night-time observations will be required at a later date.

Observation and retro-reflective readings should be taken in the spring of 2010 to determine the longer term durability of these markings.
