

Pathfinder Marking System

File: 8190-3-19

Location: Highway 22:16 (Cochrane)
Applied: September 2008
Evaluated: October 22, 2008

3 Km S. of Jct. Hwy. 567

W. edge line

Skip line

E. edge line

Retro readings west white edge line: 556, 573, 561, 544, 572, 537, 543, 540, 563, 619, 460, 491 – **Average: 547Mcd**

Retro readings yellow skip line: 285, 282, 285, 256, 252, 259, 272, 279, 298, 291, 287, 280 – **Average: 277Mcd**

Retro readings east white edge line: 567, 566, 592, 601, 587, 604, 578, 591, 597, 601, 589 – **Average: 539Mcd**

The Pathfinder Marking Systems initial retro-reflectivity is excellent at this location. These markings look very good and are providing excellent delineation. Observation and retro-reflective readings will be taken in the spring of 2009 to determine the durability over one winter.
