

3M Stamark Removable Tape Series 710 & Removable Black Line Mask 145

File: 8190-4-6
8190-4-7

Location: Highway 1:04 (Near Morley Indian reserve, bridge culvert replacement)
Applied: September 2008
Evaluated: October 22, 2008

Near Morley

Black out tape N. edge line

Yellow temporary tape (EBL)

Black out tape EBL

The 3M Stamark temporary tape looked very good at this location. These temporary markings are providing excellent delineation. These two products will be discussed at the new products evaluation committee meeting on December 4, 2008 for recommendation to advance to the Trial Products category of the Alberta Transportation Products List.
