

Delnorth International Steel-Flex Road Edge Delineator All-Steel Guide Post

Location: Hwy 41:22
Applied: 2009
Evaluated: May 12, 2010

Steel-flex delineator in good shape

Delineator flex's when impacted and returns to original position

Steel-Flex delineators are working very well at this location. Regional staff is happy with the performance of these delineators.

I would recommend advancing this product to the Proven category of AT's product list.
