

Mandatory and Alberta Administrative Licence Suspension Ignition Interlock Program

As of April 9, 2018, Alberta's Ignition Interlock Program will **evolve** into two different participation programs:

- **Alberta Administrative Licence Suspension Ignition Interlock Program (AALS IIP):**
 - This program is for drivers served with an Alberta Administrative Licence Suspension for criminal-level impaired driving, as of April 9, 2018:
 - a 90-day driving suspension where the suspended driver is unable to drive under any circumstances, **AND**
 - a further one-year driving suspension where the suspended driver may be eligible to drive on the condition that they participate in Alberta's Ignition Interlock Program. If they choose not to participate in the Ignition Interlock Program, they will remain suspended during this one-year term with **no ability to drive legally**.
- **Mandatory Ignition Interlock Program:**
 - This is a mandatory program for individuals who have been criminally convicted of an impaired driving offence in Alberta, and who must comply with the Mandatory Ignition Interlock Program to satisfy their Reinstatement Conditions.
 - Drivers must demonstrate a sustained ability to separate drinking and driving behaviors by completing the Mandatory Ignition Interlock Program and obtaining a full and unrestricted driver's licence.

Note: Refusal or failure to provide a breath sample will continue to result in an Alberta Administrative Licence Suspension and criminal charges.

Participation in the Mandatory Ignition Interlock Program begins after the driving disqualification period has expired when a person has been found guilty under Section 253, 254, or 255 of the *Criminal Code* (Canada).

If the client wishes to participate in the Alberta Administrative Licence Ignition Interlock Program during the 2nd phase of the driving suspension (of the 1 year term), participation in the Alberta Ignition Interlock Program can begin once the 90-day provincial licence suspension is complete. Clients are required to purchase and submit an Ignition Interlock Program Application to Driver Fitness and Monitoring.

If the same client wishes to participate in the Mandatory Ignition Interlock Program as a result of the criminal conviction, the same client would then be required to purchase and submit another Ignition Interlock Program Application to Driver Fitness and Monitoring, along with a legible copy of the "Order of Driving Prohibition Against an Offender" from the Courts (once they have 30 days or less remaining in the federal driving prohibition term).

The participation terms of the Ignition Interlock Programs are listed below:

Alberta Administrative Licence Suspension Program
Effective April 9, 2018
Term: Two-stage, fixed-term driving suspension consisting of two distinct parts: <ul style="list-style-type: none">• a 90-day driving suspension where the suspended driver is unable to drive under any circumstances, AND• a further one year driving suspension where the suspended driver may be eligible to drive on the condition that they participate in Alberta's Ignition Interlock Program. If they choose not to participate, they will remain suspended during this one year term with no ability to drive legally.
