

## Restricted Bridge List:

This list contains bridges that are on the Provincial Highway system only (two & three digit highway numbers) and are the responsibility of Alberta Transportation.

NOTE: This electronic service is meant to be a simplified guide to certain parts of the acts and regulations, and not a substitute for them.

Alberta Transportation, Carrier and Vehicle Safety, is not responsible for any omissions in the following documents. It is the responsibility of the transporter to consult the regulations for the exact requirement before moving shipments.

## Sign for Posting Carrying Capacity of a Bridge:

The sign in Figure 1 is the sign for posting the carrying capacity of a restricted bridge.

Figure 1

The uppermost symbol and the SINGLE column in the restricted bridge list apply to:

- a single unit truck
- a truck tractor and a semi-trailer, in the case where the inter-axle spacing between the truck tractor and the semi-trailer is less than 4.5 metres

The middle symbol and the SEMI column in the restricted bridge list apply to:

- a truck and a trailer
- a truck tractor and a semi-trailer, in the case where the inter-axle spacing between the truck tractor and the semi-trailer is 4.5 metres or more
- a mobile crane with a boom dolly
- a truck tractor in combination with a single axle semi-trailer and a semi-trailer
- a truck tractor in combination with a single axle semi-trailer and a pole trailer

The bottom symbol and the TRAIN column in the restricted bridge list apply to:

- a truck tractor in combination with 2 or more trailers
- a truck and a full trailer with tandem axles, in the case where the inter-axle spacing between the tandem axle groups is 5.0 metres or more
- a truck tractor in combination with a tandem axle semi-trailer and a semi-trailer
- a truck tractor in combination with a tandem axle semi-trailer and a pole trailer

The numbers on the restricted bridge sign indicate the maximum allowed gross vehicle weight, in tones, for each category of vehicle.
