

Where We Are At with the Project

Stoney Trail (HWY 22X) and Macleod Trail Interchange

- AECOM has been engaged by Alberta Transportation to complete the design and construction administration for this project and is currently in the Preliminary Engineering stages. This will be followed by detailed design, and then tendering and construction.
- Construction is anticipated to begin in late 2012 and be functionally complete by late summer 2014.
- This Information Session presents information about the project, and provides a venue for you to express your views and comments on how the project will affect you and your community.
