

# Project Update

---

**Start Date:** Summer 2013 (Construction)

**Contractor:** Standard General

**Proposed Completion:** Fall 2013

**Percent Complete:** 0%

## Completed Activities

*Aecom has undertaken engineering to develop and design capacity improvements to the existing interchange. These Capacity Improvements include expanding the interchange to two lanes in each direction on Stoney Trail, adding signals to the intersection for northbound Macleod Trail to westbound Stoney Trail traffic and creating dual left turn lanes for southbound Macleod Trail to eastbound Stoney Trail traffic.*

*The construction contract has been awarded to Standard General Inc. for the Capacity Improvements to the interchange.*

## Project Status for Summer 2013

*Standard General are arranging specialized sub contracts, preparing their traffic accommodation strategies and developing their environmental construction operation plans. Survey staking and construction notification signage including speed reductions should begin around the end of July.*

*Coordination with The City of Calgary is ongoing. Utility companies are designing adjustments to their infrastructure to accommodate the proposed changes to the interchange.*

## Next Steps

*Removal of grass/ loam and placement of soil to widen Stoney Trail will start by early August. Removal of the existing concrete median barrier will also occur early in the construction improvements.*

## Construction Information

*During construction of the Capacity Improvements traffic disruption and minor delays can be expected. Traffic patterns will periodically change as construction progresses, however all movements and directions are planned to be maintained.*

*Stoney Trail will be a busy construction zone through summer and fall 2013. Please observe all signage, flag persons, traffic control devices and stay within marked lanes as construction activities present significant hazards to the public.*

*For more information on this project please call (403) 270-9203 or email [stoney.trail@aecom.com](mailto:stoney.trail@aecom.com).*
