HIGHWAY 2 TWINNING IN PEACE RIVER
TRAFFIC ACCOMMODATION

NOTE:
These are general assumptions at this time and specific traffic and pedestrian accommodation will be submitted by the contractor to be reviewed by Alberta Transportation prior to implementation.

1. SHAFTESBURY INTERCHANGE:
   Contractor is anticipated to provide staged detours to accommodate ramp construction for traffic to/from Hwy 2. Traffic under the Shaftesbury trail bridge detoured to 90 street.

2. 98 STREET INTERCHANGE:
   Access under Hwy 2 at this location anticipated to be closed during the duration of the work at this site. Detour to 94 street and 100 street.

3. 90 STREET:
   Short duration temporary closures to accommodate girded erection for the new bridge. Detour to Shaftesbury Trail.

4. 94 STREET:
   Short duration temporary closures to accommodate girded erection for the new bridge. Detour to 100 street or 94 street.

5. BLUFFY PILLS WALL:
   No significant impact to traffic anticipated. Minor local detour for tie-ins.

6. PEDESTRIAN UNDERPASS/OVERPASS:
   Short duration temporary detour on Hwy 2 to accommodate demolition and removal of these structures.
