**DESCRIPTION**

Sprayable Ennis Flint MMA Stripe Traffic Marking is the trade name for Methyl-Methacrylate (MMA) based multi-component durable pavement marking. Sprayable Ennis Flint MMA Stripe Traffic Marking is solvent free, field reacting, sprayable materials which are designed for easy and simple application at a minimum of 15 mil wet film thickness.

**POTENTIAL USAGE**

Sprayable Ennis Flint MMA Stripe Traffic Marking is a highly suitable product for low temperature applications. This product was applied in Ontario and after 9 months it has shown excellent results.

**STANDARDS**

No standards submitted.

**ALBERTA TRANSPORTATION COMMENTS**

**EXPERIENCE**

Alberta Transportation has experience with durable pavement markings such as System 400, 600 (MMA), PolyCarb Mark 55.4, Rainline and HD-21A durable waterborne products. These four products are currently listed on Alberta Transportation's Products List under Proven Products.

**APPLICATION STANDARDS**

At present Alberta Transportation does not have a standard for Durable Pavement Markings. Alberta Transportation does have a special provision (SpS200) for Durable Pavement Message Markings.

**RECOMMENDATIONS**

Sprayable Ennis Flint MMA Stripe Traffic Marking be listed as a Proven Product under Alberta Transportation Products List, Pavement Markings – Durable – Proprietary.

**TRIAL PROJECTS**

Highway 14 traffic marking test deck.
