PRODUCT INFORMATION

PRODUCT NAME: BMP-Biodegradable Aspen
Excelsior Wattle (BMP-BAEW) (Made in Alberta)

WEBSITE: www.bmpsupsupplies.com

MANUFACTURER: BMP Supplies Inc., Calgary

SUPPLIER: BMP Supplies Inc., Calgary

DESCRIPTION:

BMP-BAEW (Biodegradable Aspen Excelsior Wattle) is made of durable burlap fabric filled with Canadian-grown, weed-free Aspen Excelsior (Wood Wool), closed with biodegradable Twine. It fully biodegrades over time (approximately 24 months, depending on environmental conditions), leaving no waste behind.

POTENTIAL USAGE:

BMP-BAEW can be used for erosion control and sediment control management on slopes, in channels, and around construction sites, filtering sediment and reducing flow velocity while promoting the site's natural vegetation recovery.

DISCLAIMER: The product descriptions and potential usage outlined in this section are based solely on the manufacturer's claims. Transportation and Economic Corridors does not verify or endorse these claims.

ALBERTA TRANSPORTATION AND ECONOMIC CORRIDORS COMMENTS

EXPERIENCE

Transportation and Economic Corridors has experience with similar products.
